

SQL ANALYST

BRISTOL

2019

The Role

At Curtis Banks, we believe that a business can only be as successful as the people who work for it. Our commitment to encourage employees to take responsibility for their career, encouraging them and offering opportunities for advancement, is an integral part of our business strategy.

The SQL Analyst will be responsible for delivering accurate and timely management information to produce and design reports by drawing on complex data from the software system/ data warehouse. Using SQL server analysis, reporting and integration services, this role will engage with the business to understand how they want to use the data, provide effective data analysis and ensure end users utilise the reports to their full potential

You will

- Produce both regular and ad hoc reports using SQL server stored procedures
- Ensure delivery of reporting is timely and accurate
- Understand the in-house data model as it evolves

Skills and Experience

Essential

- SQL DBA Experience/troubleshooting and resolving database problems.
- Proficient use of SQL and experience writing complex SQL Server programming object
- Knowledge and experience of logical and physical database architecture and schema design
- Ability to work closely with the business to understand requirements and craft solutions
- Capable of producing high standards of work, to tight deadlines
- Excellent Interpersonal skills, able to work collaboratively within a team
- A natural problem solver, remaining calm under pressure to manage conflicting demands

Desirable

- Experience in database consolidation, migration activities, backups, restores and recovery models.
- Experience in implementing operational automation using scripts.
- Experience with SQL Clustering.

Working for Curtis Banks has never been so rewarding...

- Everyone receives a generous salary, 26 days holidays and the opportunity to take part in our fantastic Sharesave Scheme.
- Amazing Pension contributions from the business of 8%
- Benefits scheme that includes discounts from shops, gyms etc.
- Cycle to Work scheme and many more...
