How to guide

Your future, our focus.

Before you begin

Imago

Imago is the tool we use to create all of our illustrations.

You can use Imago to create illustrations for those of your clients that are thinking about opening a SIPP at Curtis Banks, as well as those that already have one. This document describes how to create illustrations for new clients. The details that you enter on the illustration will pull through to the online Your Future SIPP application form.

Recording your client's details

You'll need to record details of your client on Imago before you can create the illustration.

Drawdown illustration types covered in this document

Full or Part Drawdown

For clients who intend to transfer in uncrystallised policies and take benefits immediately.

Drawdown Transfer

For clients who are transferring in a plan that is already paying benefits at the current provider.

Call us if:

- Your client is transferring in more than one drawdown plan.
- Your client transferring in a mixture of drawdown and non-drawdown funds.
- Your client will be receiving income and paying contributions into their plan at the same time.

If your client intends to do any of these, our SIPP Support Team will create the illustrations for you.

The medium growth rate can be adjusted if the rate the client will achieve differs from our default value.

The medium growth rate can't be higher than 5%. Imago will allow you to enter a higher rate here, but will cap it at 5% in the illustration calculations.

Enter the proportion of the fund that will be invested in this category.

An error message will appear until the proportion of all the investments that you add equals 100%.

Commercial property investment charges (for applicable product only)

If you add a Commercial Property investment to the illustration, you must record how much of the property will be held within their SIPP.

If your client will be the only Curtis Banks client invested in the property, set the Shared Asset Proportion to 100%.

If you have several clients that are to share the same property, contact our SIPP Support team and we will calculate the fees and charges for you.

Select the commercial property fees that you wish to include in the illustration.
