

Transfer out discharge form for a Recognised Overseas Pension Scheme (ROPS)

Important information: please be aware that there is an error in legislation that impacts how the maximum amount that can be paid as scheme specific tax-free cash is worked out. HMRC have recommended that until the legislation is fixed, it may be best to delay taking benefits. By completing and submitting this form, you are confirming that you are aware of the guidance issued in HMRC Newsletter 158 (<https://www.gov.uk/government/publications/pensions-schemes-newsletter-158-april-2024/newsletter-158-april-2024>) and wish to proceed without waiting. Please be aware that we will calculate your payment based upon what HMRC have told us they will be changing the legislation to, rather than the legislation which they have confirmed is incorrect. At this time, there is no timescale on when legislation will be corrected.

You can use this form to request the transfer of some or all of the funds within your SIPP to a ROPS. Please ensure you read our Transfer Out Guidance Note, available on our website [curtisbanks.co.uk](https://www.curtisbanks.co.uk).

Do not use this form to request an annuity purchase or a UK based pension scheme. Please contact us if you need a different form.

Please note failure to complete all the sections relevant to your application will cause delays with your request.

3 Important points to consider

Please ensure you have read and understood the important points below, before completing the rest of the form. If you have any queries please contact your adviser or the Transfer Out team directly.

Please note

Please ensure you have read and understood the pension scam information on pages 2 to 5.

- Please ensure you have read and understood the warnings on pages 2 to 5. Investment scams are often sophisticated and difficult to spot. If you have any concerns, we recommend you contact the FCA immediately. The contact details for the FCA are on page 2.
- Before we start a pension transfer, we are required to check that the scheme we're transferring to, meets HMRC requirements for the transfer to be classed as a recognised pension transfer. Completing these checks will increase the time taken to complete your transfer and your transfer will remain on hold during this time. Your fund will continue to be invested in your Curtis Banks plan. These checks are in place to help protect you and your pension fund.
- Transfer out fees are payable for ROPS transfers. Please refer to the Schedule of Fees for your plan which is available on our website www.curtisbanks.co.uk or on request from us.
- Any fees charged by third parties to sell investments will be taken directly from either the investment account or SIPP bank account.
- You must check and satisfy yourself that your chosen new scheme will be able to accommodate and honour your protected pension retirement age, if you have one.

How to avoid investment and pension scams

1 Reject unexpected offers

5 Overseas transfer information

Before transferring funds from your plan to a Registered Overseas Pension Scheme (ROPS), we are required to determine what you have remaining of the Overseas Transfer Allowance (OTA).

Please note, if you had a Benefit Crystallisation Event (BCE) prior to 5 April 2024, which used some lifetime allowance and where you did not receive a tax-free lump sum of 25%, you may be entitled to a transitional tax-free amount certificate.

A transitional tax-free amount certificate will reduce the allowances used by your previous benefits where a 25% tax-free lump sum was not taken. Where lifetime allowance has been used previously, we are required to assume a 25% tax-free lump sum was paid and will reduce the allowances accordingly.

We recommend you discuss this with an adviser before you contact a scheme administrator to request a certificate.

We will not be able to complete your transfer request unless this section is completed and the requested documents received. For further details on allowances, these can be found on our website under the relevant section for advisers and clients.

We will not be able to process your transfer unless this section is complete and the requested documents received.

If the total value of any ROPS transfers, both now and previously, exceeds your personal Overseas Transfer Allowance, the excess will be subject to a tax charge of 25%.

We recommend that you speak to a financial adviser about the tax implications of transferring your pension benefits to a Recognised Overseas Pension Scheme (ROPS). In particular, it's important to find out whether there are any limits or thresholds imposed by the country to which you're considering transferring your benefits, as these may have significant tax implications and may affect your decision to continue with the transfer.

Transfers to ROPS may be subject to a 25% overseas transfer charge if certain conditions are not satisfied. Please note that where the Overseas Transfer Allowance applies, the Overseas Transfer Charge will not be charged.

Please tick one of the boxes below, to help us check whether an Overseas Transfer Charge will apply to your transfer:

Please answer the following question.

Prior to applying to transfer benefits have you taken advice in relation to the transfer from an authorised adviser?

Yes please go to section 9.

No* please answer the below questions to highlight the risks.

* Having considered the matter, I will not be seeking financial advice and accordingly I wish to deal with Curtis Banks on an execution-only basis on making the application to transfer benefits. Guaranteed income

Annuities offer a guaranteed income, but in drawdown there is no guarantee about the amount of income you might be able to take in the future. This is because the available income depends on your fund value, which is affected by many factors, such as investment performance. Are you comfortable with there being no guarantee of future income in drawdown?

Yes

No/unsure

Tax

Aside from your tax-free lump sum entitlement, any money you take from your pension is taxed as income. It is added to any other taxable income you receive during the tax year, and might push you into a higher tax bracket. It is also possible that the tax we deduct from any payments is not the final amount due: you may need to pay additional tax at the end of the year. Are you confident that you fully understand the tax implications of the option you've chosen?

Yes

No/unsure

Investment scams

Some investment scams encourage people to withdraw money from their pensions in order to invest elsewhere. For example, they may offer unusually high rates of return, special offers, or there may be pressure to act quickly. The schemes can appear very genuine, but you risk losing some or all of your money. Are you aware of how to protect yourself from investment scams?

Yes

No/unsure

Health

Annuities provide a guaranteed income for life and although the return may appear low, if your life expectancy is reduced because of poor health you may qualify for enhanced annuities which pay better rates. Are there aspects of your health or lifestyle which could make you consider whether you are potentially eligible for a better value annuity?

Yes

No/unsure

Inflation

When planning your long term income needs you need to take into account of future inflation, which will erode the buying power of your money. For example, if inflation is 2% p.a., £1 today will be worth 82p in 10 years time. If you are planning to take a level of income or a large lump sum from your pension, do you understand that inflation will erode the value of what will be available for you in the future?

Yes

No

Debt

Are you aware that money taken from your pension could be available to creditors in respect of any unpaid debts you might have?

Yes

No

Benefits

Are you aware that taking money from your pension could affect your entitlement to means-tested benefits?

Yes

No

Ongoing income

Any money taken from your pension now will reduce the amount that may be available to you in the future. Are you expecting this pension to provide you with income for the rest of your life?

Yes/unsure

No

Contributions

The annual allowance is the maximum amount you, or anyone on your behalf, can contribute to your pensions each year without incurring a tax charge. It is currently £60,000. If you take income whilst in flexi-access drawdown, your annual allowance for 'money purchase' pensions, such as your SIPP, will be reduced to £10,000. Are you, or anyone on your behalf, likely to contribute more than £10,000 to money purchase pensions in the future?

Yes/unsure

No

Further investment

If you withdraw money from your pension to invest elsewhere, the charges on the new investments may differ from the charges applicable to your pension. The new investments are also likely to be subject to income tax and capital gains tax, whereas investments in your pension are exempt from these charges. If you plan to invest your money elsewhere, do you understand the difference in charges and how this could affect the value?

Yes/not applicable

No/unsure

Inheritance tax

Money taken from your pension becomes part of your estate, which will be assessed for inheritance tax purposes on your death. Money in your pension is held outside your estate and is highly unlikely to be subject to inheritance tax. Have you considered the inheritance tax implications of taking money from your pension?

Yes

No/unsure

8 Risk warnings (continued)

Shopping around

There are several ways in which you can access your pension savings. Different products, with different options and charges, are available from various providers. We recommend that you research the options available to you. Are you happy that you've researched your options and have made an informed choice?

Yes No/unsure

Beneficiaries

When you die, the remaining money in your pension can pass to beneficiaries, such as a spouse or other family members. Any money you take from your pension will reduce the amount which may be available to them on your death. Are you relying on this pension to provide for your beneficiaries when you die?

Yes No/unsure

- I agree the transfer shall be sufficient to end any of my claims to pension benefits from the portion of the plan that is transferred.
- I understand that my transfer will only be completed if my chosen receiving scheme is capable of accepting the transfer and the receiving scheme provider has properly completed this form.
- I declare that to the best of my knowledge and belief, the statements made on this form and its attachments (whether in my handwriting or not) are correct and complete.
- I promise to take responsibility for any losses or expense that result from any untrue, misleading or inaccurate information that is given by me or on my behalf, on this form, or in respect of the transfer.
- If my Curtis Banks plan is to be fully closed, I understand that if any further values are received by my SIPP, after the transfer to my chosen receiving scheme has been made, these will be collected in a non-interest bearing account and transferred separately, six months after the initial transfer. I accept that, should such a payment be required, Curtis Banks will take a charge from the value to be transferred to the receiving scheme. This is detailed on our current schedule of fees, which is available from our website www.curtisbanks.co.uk.
- I authorise Curtis Banks to request monies back from the receiving scheme, to cover any genuine costs that are incurred by my SIPP after my transfer out has been completed.
- Where applicable, I authorise Curtis Banks to provide the necessary details to MoneyHelper.
- I have supplied all the necessary information and documentation to enable Curtis Banks to check if I have exceed the Overseas Transfer Allowance.
- I understand that if either the Overseas Transfer Allowance excess charge or an overseas tax charge applies to my transfer, the assets in my SIPP must be sold and transferred as cash.
- I authorise you to deduct any tax charges from my plan(s) prior to the transfer being completed.
- I am aware that a recognised transfer may give rise to either the Overseas Transfer Allowance excess charge or an overseas transfer charge. I understand the circumstances in which either charge may not be applied from the outset of the transfer, and the conditions that must continue to be met so that the charge is not applied retrospectively.
- I have read and understood the Pensions Regulator's leaflet about pension liberation on pages 2 and 3 of this discharge form and I am happy to proceed with the transfer.
- I understand that, if the receiving scheme provides access to my pension benefits earlier than is permitted (normally before age 55), there will be significant tax charges; and there may also be a risk that the receiving scheme charges significant fees.

 - Curtis Banks will undertake appropriate checks on the receiving scheme, however, I am not permitted to rely in any way on this and understand I am responsible for undertaking my own checks on the receiving scheme.
 - Should the receiving scheme provide access to my pension benefits earlier than permitted, I will be responsible for all tax charges and penalties applied. This includes authority for Curtis Banks to recover any charges or penalties applied to them, from me. I will have no recourse to Curtis Banks for these charges or penalties.
 - Curtis Banks may delay to make the transfer until it has satisfied itself that:
 - >The receiving scheme is registered with HMRC;
 - >The transfer would be a recognised transfer for the purposes of the Finance Act 2004; and
 - >The transfer meets the conditions of The Occupational and Personal Pension Schemes (Conditions for Transfer) Regulations 2021.

Curtis Banks is entitled to reject and cancel the transfer in the event that it is unable to satisfy itself of the above.
