## 3 Receiving guidance or advice

The FCA requires us to tell you about a service called MoneyHelper.

### 3.1 MoneyHelper guidance

MoneyHelper is a free, impartial service from the Government, which offers guidance to help you make an informed decision about what to do with your pension savings. This includes providing the different options available to you, in order to access your pension savings. Pensions guidance is delivered at an appointment with an independent pensions specialist, which you can choose to book yourself, or alternatively Curtis Banks can arrange this on your behalf. You can also receive advice from a regulated financial adviser. Advisers may charge you for their services.

Please ensure you have read the MoneyHelper privacy policy, which is available on their website, www.moneyhelper.org.uk/en/about-us/privacy-notice.

You can book online at <u>www.moneyhelper.org.uk/pensionwise</u> or call MoneyHelper on 0800 138 3944. Alternatively call us using the contact details above and we'll book an appointment for you.

Please note that we are unable to arrange appointments with MoneyHelper for anyone below the age of 50, so these appointments would need to be arranged by you directly.

## 3.2 Regulated financial advice

Before making a decision about taking your pension benefits you should also get advice from a financial adviser. If you don't have a financial adviser, you can visit <u>www.moneyhelper.org.uk/choosing-a-financial-adviser</u> to find one.

The regulations require you to confirm the following options before we can proceed with your application.

If you plan to take guidance and/or advice you should do this before completing this form.

Have you received guidance from MoneyHelper relating to this transaction in the last 12 months?

#### Yes Date guidance received

No. If you don't want to use MoneyHelper you need to opt-out. Please tick the relevant option below.

I've received regulated financial advice related to this transaction within the last 12 months.

## 5 Allowances

This section is not required if you are switching from capped drawdown to flexi-access drawdown. Please go to section 6. Before taking retirement benefits (also known as crystallising) from your plan we are required to determine what you have remaining of the following two allowances:

• Lump Sum Allowance (LSA)

• Lump Sum and Death Benefit Allowance (LSDBA)

Please note, if you had a Benefit Crystallisation Event (BCE) prior to 5 April 2024, which used some lifetime allowance and where you did not receive a tax-free lump sum of 25%, you may be entitled to a transitional tax-free amount certificate.

A transitional tax-free amount certificate will reduce the allowances used by your previous benefits where a 25% tax-free lump sum was not taken. Where lifetime allowance has been used previously, we are required to assume a 25% tax-free lump sum was paid and will reduce the allowances accordingly.

We recommend you discuss this with an adviser before you contact a scheme administrator to request a certificate.

For further details on allowances, these can be found on our website under the relevant section for advisers and clients. If the total value of your retirement benefits taken, both now and previously, exceeds either allowance we will contact you to confirm how you wish to proceed. We will not be able to pay your benefits unless this section is completed and the requested documents received.

### 5.1 Transitional Tax-free Amount Certificate

If this is your first drawdown request after 5 April 2024, you may be entitled to a transitional tax-free amount certificate. Please note, you will be unable to apply for a transitional tax-free amount certificate after your first designation has been completed. If you wish to proceed with your request without a transitional tax-free amount certificate, please tick this box:

If you wish to apply for a transitional tax-free amount certificate you will need to contact one of your pension schemes to complete this. If you would like Curtis Banks to do this, please contact us to discuss our requirements and the evidence required. Please go to section section 5.2.

## 5.2 Previous benefits taken

#### Have you taken any benefits from any registered pension scheme other than your Curtis Banks plan(s)?

- Yes. Please go to section 5.3. Please remember when completing sections 5.3 to 5.5, do not include any benefits taken at Curtis Banks.

## 5.4 Benefits taken after 5 April 2006 and before 6 April 2024

Please include any benefits transferred to a Recognised Overseas Pension Scheme (ROPS) after 5 April 2006 and before 6 April 2024. Otherwise where lifetime allowance has been used previously, we are required to assume a 25% tax-free lump sum was paid and will reduce the allowances accordingly.

- Yes. Please complete the below.
- No. Please go to section 5.6.

## 6.5 If submitting an application form without an adviser

Please note that we will not request any disinvestment of funds to pay any requested tax free cash or pension income, until we have received your completed Risk Warnings Declaration. Where applicable, a Risk Warnings Declaration will be sent to you following completion of section 7.

However, if you wish us to do this in advance of receiving your completed declaration, please tick this box.

By ticking this box, you confirm that you understand that even if you do not proceed with your application, we will still charge the audited valuation fee. In addition, we will not be held liable for any loss of investment return for the period in which your funds have been held in the SIPP bank account.

## 6.6 UFPLS details

UFPLS is not available to you if your plan contains any funds from a disqualifying pension credit following a divorce. A disqualifying pension credit means funds that do not qualify for tax-free lump sums as they came from funds that were already in drawdown.

- The taxable element will always be paid by BACS.
- We will send you a payslip which will confirm the net payment and the amount of tax deducted.
- UFPLS payments must be made in cash. We will not be able to pay your UFPLS until sufficient cash is available in the SIPP deposit account. We will contact you or your adviser (where applicable) if disinvestments are required.
- If you hold commercial property in your SIPP, then we may need to complete a valuation prior to making your UFPLS payment. Please contact our Benefits Team using the details on page 1 to discuss further.

## 6.7 Your bank details

We are only able to make payments to a personal account in your own name, which includes joint accounts.

Use existing details on file for the payment If we do not hold your bank details please provide them below.

Account number

#### Please note

The bank account must be in your name. This includes joint accounts. Payments may only be made to a UK bank account or to an account that can accept BACS, Faster Payments or CHAPS. Please speak to your bank if you have any questions as to whether your account is suitable. Please contact us directly to be paid to an international bank account.

Roll number

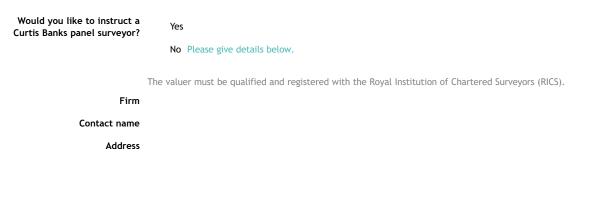

Where the whole fund crystallised is to be paid out as pension income in a single payment, the payment will be made when the plan has been reconciled. This will incur a fee in line with the relevant schedule of fees.

We require ten working days' notice to establish or amend income payments. For monthly payments, if there is insufficient time to set up your first payment you will receive a double payment on the next payment date.

We also need sufficient cleared funds in your SIPP bank account ten working days prior to each payment date, otherwise the payment will not be made. It is your responsibility to ensure sufficient funds are available in the SIPP bank account.

### 6.8 Valuer for property

This section must be completed if your plan holds an investment in commercial property, as we will require a recent valuation of each property. If this section does not apply, please go to section 7.

#### Contact number

#### Email address

#### Please note

We must wait until your property valuation is complete before we can pay your lump sum or income. Your request cannot proceed until this information is provided. Lump sum and/or income payments cannot be made to you until the valuation has been completed. The valuer's fee will be payable from your plan(s). If you have recently had a valuation carried out on the property and wish to discuss its validity for the purposes of drawdown or you have any queries, please contact our Property Valuations team on 01473 296 802.

Please answer the following question.

Prior to applying to take benefits have you taken advice from an authorised adviser?

#### Yes please go to section 8.

#### No\* please answer the below questions to highlight the risks.

\* Having considered the matter, I will not be seeking financial advice and I wish to deal with Curtis Banks on an execution-only basis on making the application to take benefits. As an execution-only client, I confirm that I have received all relevant key features documents, including personal illustration(s).

The Financial Conduct Authority requires us to make sure you have considered the potential risks of accessing your pension benefits. We are required to ask questions about your circumstances, so that we can provide warnings about the risks which might apply to you.

Once we have received your answers to the below questions, we will send you a statement highlighting the potential risks. If you still wish to proceed, you will need to sign and return the declaration on the statement, to confirm that you've read and understand the risk warnings and wish to proceed. We will not be able to process your request until we have received this signed declaration. We can accept copies by secure message or by post to the contact details on page 1.

Please note that this exercise is only intended to highlight potential risks - your answers won't affect your options.

#### Guaranteed income (not needed for Uncrystallised Funds Pension Lump Sum)

Annuities offer a guaranteed income, but in drawdown there is no guarantee about the amount of income you might be able to take in the future. This is because the available income depends on your fund value, which is affected by many factors, such as investment performance. Are you comfortable with there being no guarantee of future income in drawdown?

#### No/unsure

#### Tax (not required for switches from capped drawdown to flexi-access drawdown)

Aside from your tax-free lump sum entitlement, any money you take from your pension is taxed as income. It is added to any other taxable income you receive during the tax year, and might push you into a higher tax bracket. It is also possible that the tax we deduct from any payments is not the final amount due: you may need to pay additional tax at the end of the year. Are you confident that you fully understand the tax implications of the option you've chosen?

Yes No/unsure

#### Investment scams

Yes

Some investment scams encourage people to withdraw money from their pensions in order to invest elsewhere. For example, they may offer unusually high rates of return, special offers, or there may be pressure to act quickly. The schemes can appear very genuine, but you risk losing some or all of your money. Are you aware of how to protect yourself from investment scams?

Yes

#### No/unsure

#### Health

Annuities provide a guaranteed income for life and although the return may appear low, if your life expectancy is reduced because of poor health you may qualify for enhanced annuities which pay better rates. Are there aspects of your health or lifestyle which could make you consider whether you are potentially eligible for a better value annuity?

No/unsure

Yes

#### Inflation

When planning your long term income needs you need to take into account of future inflation, which will erode the buying power of your money. For example, if inflation is 2% p.a., £1 today will be worth 82p in 10 years time. If you are planning to take a level of income or a large lump sum from your pension, do you understand that inflation will erode the value of what will be available for you in the future?

Yes

#### Shopping around

There are several ways in which you can access your pension savings. Different products, with different options and charges, are available from various providers. We recommend that you research the options available to you. Are you happy that you've researched your options and have made an informed choice?

No/unsure

No

Yes			

Are you aware that money taken from your pension could be available to creditors in respect of any unpaid debts you might have?

Yes

#### Benefits

Debt

## Are you aware that taking money from your pension could affect your entitlement to means-tested benefits?

No

Yes No

#### Ongoing income

Any money taken from your pension now will reduce the amount that may be available to you in the future. Are you expecting this pension to provide you with income for the rest of your life?

Yes/unsure No

#### Contributions (not required for capped drawdown)

The annual allowance is the maximum amount you, or anyone on your behalf, can contribute to your pensions each year without incurring a tax charge. It is currently £60,000. If you take income whilst in flexi-access drawdown, your annual allowance for 'money purchase' pensions, such as your SIPP, will be reduced to £10,000. Are you, or anyone on your behalf, likely to contribute more than £10,000 to money purchase pensions in the future?

Yes/unsure No

#### Further investment

If you withdraw money from your pension to invest elsewhere, the charges on the new investments may differ from the charges applicable to your pension. The new investments are also likely to be subject to income tax and capital gains tax, whereas investments in your pension are exempt from these charges. If you plan to invest your money elsewhere, do you understand the difference in charges and how this could affect the value?

#### Yes/not applicable No/unsure

#### Inheritance tax

Money taken from your pension becomes part of your estate, which will be assessed for inheritance tax purposes on your death. Money in your pension is held outside your estate and is highly unlikely to be subject to inheritance tax. Have you considered the inheritance tax implications of taking money from your pension?

Yes

#### Beneficiaries

When you die, the remaining money in your pension can pass to beneficiaries, such as a spouse or other family members. Any money you take from your pension will reduce the amount which may be available to them on your death. Are you relying on this pension to provide for your beneficiaries when you die?

## 8 Investment Pathways

The Financial Conduct Authority requires us to make sure you have considered the potential risks of holding more than half of your plan in cash and/or cash like assets. Examples of cash like assets are funds which are held in a current or deposit account and certain Government bonds.

We are required to ask questions about your investment intentions, so that we can provide warnings about the risks which might apply to you. Once we have received your answers to the below questions, if required, we may send you a statement highlighting the potential risks. If you still wish to proceed, you will need to sign and return the declaration on the statement, to confirm that you've read and understand the risk warnings and wish to proceed.

We will not be able to process your request until we have received this signed declaration. We can accept copies by secure message or by post to the contact details on page 1.

Please answer the following question.

Prior to applying to take benefits under capped drawdown or flexi-access drawdown have you received a personal recommendation from a regulated financial adviser in relation to how to invest the funds in your pension?

Yes. Please provide details of the adviser who provided you with advice on the investments in your pension in the boxes below. If left blank, we will assume the adviser named in section 4 provided investment advice.

Full name of regulated organisation

Name of authorised individual

Financial Services Register reference number for individual

No. Please answer the below question in relation to the investments in your pension.

Investment Pathways is a process defined by the Financial Conduct Authority to assist individuals who have not received financial advice in selecting ready-made investments for their drawdown funds. More information on Investment Pathways can be found on the MoneyHelper website <a href="http://www.moneyhelper.org.uk">www.moneyhelper.org.uk</a>, or you can telephone 0800 011 3797.

Please select one of the below 3 options to confirm how you wish to select the investments for your plan:

#### Option 1 Use Investment Pathways

Where you have selected option 1, please select one of the below Investment Pathway options that corresponds most closely to your current intentions:

I have no plans to touch my money in the next 5 years

I plan to use my money to set up a guaranteed income (annuity) within the next 5 years

I plan to start taking my money as a long-term income within the next 5 years

I plan to take out all my money within the next 5 years.

Option 2 Select investments without using the Investment Pathways

Option 3 Remain invested within your current investments in your existing plan, if you have one

Please note: Curtis Banks does not offer Investment Pathways, so we will be unable to proceed with your application if you have selected option 1. We recommend that you discuss your options and your personal circumstances with a financial adviser. If you do not have a financial adviser, you can visit the MoneyHelper website <u>www.moneyhelper.org.uk</u>, or you can telephone 0800 011 3797

# IMPORTANT INFORMATION UNDERSTANDING YOUR RETIREMENT OPTIONS

You have a number of choices at any time from age 55, this is due to increase to 57 in 2028. Not all options may be available from Curtis Banks. The 'Your Pension: your choices' booklet has more details on the options mentioned below. https://moneyhelper.apsmos.com/ViewProduct.html?sp=Sengyourpensionyourchoices-476

The options represent the choices available in the market to all customers. Making the right choice for your circumstances is very important. Once you've read the list below, you should take guidance from MoneyHelper or seek financial advice before making your decision. It's important to know that you don't have to stay with Curtis Banks; by shopping around you could get better value for money, a higher income, or greater flexibility than under your current plan.

### Options for your pension pot

#### 1. Keep your pension savings where they are

There is no need to access your pension pot until you wish to do so. Your pension pot remains invested, which means the value can go up or down.

You can continue to save into a pension and decide what to do at a time that suits you.

#### 2. Use your pension pot to get a guaranteed income for life

You can normally choose to take up to 25% of your pension pot at retirement as a tax-free lump sum. The rest will be used to buy products that will give you a taxable guaranteed income. This means that you will know how much you will receive and for how long.

If you have a medical condition, are overweight, smoke or have a poor lifestyle, then you could get a higher income. It's important you shop around as providers can use different factors when working out how much they'll pay you. Typical products you could choose are:

#### a. Lifetime annuity

This provides a guaranteed income for as long as you live. Once you have chosen a lifetime annuity you won't be able to make any changes and will be locked into it. There are many types of lifetime annuity, so make sure you choose the right one for you. For example, you can also choose to provide an income for a dependant or other beneficiary after you die.

#### b. Fixed term annuity

This provides a guaranteed income for a set period that you choose at outset. A fixed term annuity can be set up to give you a lump sum back at the end of the fixed term, which allows you the flexibility to reconsider your options at that time.

#### 3. Provide a flexible retirement income

This option is known as flexi-access drawdown. You can normally choose to take up to 25% of your pension pot at retirement as a tax-free lump sum. The rest can be used to provide taxable income payments directly from your pension pot. You can vary the amounts you take and when you take them. There are no limits to the income you can take which could increase the rate of income tax you pay when added to your other income. You can use the money you have in flexi-access drawdown to buy a guaranteed retirement income product at any time.

An investment-linked annuity is a type of lifetime annuity (see section 2) that will provide you with an income that goes up and down with investment returns. Typically, these guarantee a minimum level of income if investment performance is poor.

Once you take an income payment under flexi-access drawdown, or have an investment-linked annuity, future amounts paid into your pension savings must be limited to £10,000 a year or you will pay a tax charge.

#### 4. Take cash

25% will normally be tax-free. The rest will be taxed and could increase the rate of income tax you pay when added to your other income. Future amounts paid into your pension savings must be limited to £10,000 a year or you will pay a tax charge.

### Allowances

Any tax-free lump sums that you withdraw from any registered pension schemes, are subject to two allowances. These are the Lump Sum Allowance and Lump Sum and Death Benefit Allowance, whichever is lower.

The Lump Sum Allowance is the standard amount of tax-free lump sums an individual may receive from all registered pension schemes during their lifetime without a potential tax penalty. The Lump Sum Allowance for the 2025/26 tax year is £268,275. You may have a personal Lump Sum Allowance that is different from the standard Lump Sum Allowance. Tax-free lump sums will also count towards your Lump Sum and Death Benefit Allowance.

The Lump Sum and Death Benefit Allowance is the standard limit of lump sums payable from all of an individual's registered pension schemes, including serious ill health lump sums and lump sum death benefits, without a potential tax penalty. The Lump Sum and Death Benefit Allowance for the 2025/26 tax year is £1,073,100. You may have a personal Lump Sum and Death Benefit Allowance that is different from the standard Lump Sum and Death Benefit Allowance.

Any payments in excess of your Lump Sum Allowance and Lump Sum Death Benefit Allowance, will be taxed at your marginal rate of income tax.

### Mix your options

You don't have to use all of your pot at one time. You can choose more than one option and do different things at different times. You should shop around to find the mix of options that suits you, as you don't need to buy all options from one provider.

Your decision about which options to choose is likely to be influenced by many factors, such as how much income or cash you need now and in the future. You should also consider your personal circumstances including people that are financially dependent on you and the impact that your choices may have on taxation and State Benefits.
