4 Allowances

This section is not required if you are switching from capped drawdown to flexi-access drawdown. Please go to section 5.

Before taking retirement benefits (also known as crystallising) from your plan we are required to determine what you have remaining of the following two allowances:

- Lump Sum Allowance (LSA)
- Lump Sum and Death Benefit Allowance (LSDBA)

Please note, if you had a Benefit Crystallisation Event (BCE) prior to 5 April 2024, which used some lifetime allowance and where you did not receive a tax-free lump sum of 25%, you may be entitled to a transitional tax-free amount certificate.

A transitional tax-free amount certificate will reduce the allowances used by your previous benefits where a 25% tax-free lump sum was not taken. Where lifetime allowance has been used previously, we are required to assume a 25% tax-free lump sum was paid and will reduce the allowances accordingly.

We recommend you discuss this with an adviser before you contact a scheme administrator to request a certificate.

For further details on allowances, these can be found on our website under the relevant section for advisers and clients. If the total value of your retirement benefits taken, both now and previously, exceeds either allowance we will contact you to confirm how you wish to proceed.

We will not be able to pay your benefits unless this section is completed and the requested documents received.

4.1 Previous benefits taken

Have you taken any benefits from any registered pension scheme other than your Curtis Banks plan(s)?

Yes. Please go to section 4.2. Please remember when completing sections 4.2 to 4.4 do not include any benefits taken at Curtis Banks.

No. Please go to section 4.5.

4.2 Benefits taken after 5 April 2024

Have you taken any retirement benefits after 5 April 2024?

Yes. Please go to question 1 below.

No. Please read the below:

If this is your first drawdown request after 5 April 2024, you may be entitled to a transitional tax-free amount certificate. Please note, you will be unable to apply for a transitional tax-free amount certificate after your first designation has been completed. If you wish to proceed with your request without a transitional tax-free amount certificate, please tick this box:

If you wish to apply for a transitional tax-free amount certificate you'll need to contact one of your pension schemes to complete this. If you'd like Curtis Banks to do this please contact us to discuss our requirements and the evidence required.

Please go to section 4.3.

- 1 In order to correctly calculate your remaining allowances, we need to establish the following:

Have you taken a tax free lump sum (also known as a relevant lump sum) from a pension scheme after 5 April 2024?

- 2 Have you taken an Uncrystallised Funds Pension Lump Sum (UFPLS) from a pension scheme after 5 April 2024?

Your scheme administrator or insurance company will have given you a statement showing the percentage figure we need.

Please note: If you have previously used some lifetime allowance where you did not receive a tax-free lump sum of 25% and have obtained a transitional tax free amount certificate, you will need to provide us with a copy. Otherwise where lifetime allowance has been used previously, we are required to assume a 25% tax-free lump sum was paid and will reduce the allowances accordingly.

Please note

Skip this section if you did not receive a pension before 6 April 2006.

Have you taken any retirement benefits before 6 April 2006?

Yes. Please complete the below.

No. Please go to section 4.5.

In order to correctly calculate the impact of benefits taken before 6 April 2006 against your allowances, we first need to establish the value date for these benefits by asking two questions:

1 What is the earliest date listed in 4.3? Please enter this date in the box below.

If no dates have been listed in 4.3, please write 5 April 2024 here.

2 Have you switched any of your benefits taken before 6 April 2006 to flexible or flexi-access drawdown?

Yes. Please tell us when in the box below.

No. Please write 5 April 2024 in the box below.

Date

The value date will be the earliest of the two dates above.

Please tell us the following information as at this value date by completing the table below. If you've answered 'yes' to step 2 above, please provide the maximum income values prior to the switch taking place.

5.4 Income payment details

Please note: if you haven't previously taken benefits from your SSAS, we will not have a tax code for you. If you have received a P45 from your previous employment and it's dated in the same tax year in which you are commencing income, please forward parts 2 and 3 of the P45 to us along with this form. We will check that the P45 can be used and, where permitted, we will use the tax code from your P45 when we process your first income payment. This code has to be applied on a month 1 basis.

If we have no tax code and no P45, HMRC rules state that we must use an emergency tax code on a month 1 basis until HMRC issues us with your tax code, which we will then be able to use against future payments. The emergency tax code may result in you initially paying too much, or too little, tax to HMRC.

Please ensure you read the below for details on your income payment dates.

- All payments will be paid by BACS.
- International payments will attract an additional fee. Please refer to the Schedule of Fees for your SSAS.
- All regular income payments will be paid on the 9th.
- One off payments will be paid on the next working day, once all requirements are met.

- The taxable element will always be paid by BACS.
- We will send you a payslip which will confirm the net payment and the amount of tax deducted.
- UFPLS payments must be made in cash. We will not be able to pay your UFPLS until sufficient cash is available in the SSAS deposit account. We will contact you or your adviser (where applicable) if disinvestments are required.
- If you hold commercial property in your SSAS, then we may need to complete a valuation prior to making your UFPLS payment. Please contact our SSAS Team using the details on page 1 to discuss further.

The bank account must be in your name. This includes joint accounts.

Payments may only be made to a UK bank account or to an account that can accept BACS, Faster Payments or CHAPS. Please speak to your bank if you have any questions as to whether your account is suitable. Please contact us directly to be paid to an international bank account.

Where the whole fund crystallised is to be paid out as pension income in a single payment, the payment will be made when the plan has been reconciled. This will incur a fee in line with the relevant schedule of fees.

We require ten working days' notice to establish or amend income payments. For monthly payments, if there is insufficient time to set up your first payment you will receive a double payment on the next payment date.

We also need sufficient cleared funds in your SSAS bank account ten working days prior to each payment date, otherwise the payment will not be made. It is your responsibility to ensure sufficient funds are available in the SSAS bank account.

6 Risk warnings

Please answer the following question.

Prior to applying to take benefits have you taken advice from an authorised adviser?

Yes [please go to section 7.](#)

No* [please answer the below questions to highlight the risks.](#)

* Having considered the matter, I will not be seeking financial advice and I wish to deal with Curtis Banks on an execution-only basis on making the application to take benefits. As an execution-only client, I confirm that I have received all relevant key features documents, including personal illustration(s).

The Financial Conduct Authority requires us to make sure you have considered the potential risks of accessing your pension benefits. We are required to ask questions about your circumstances, so that we can provide warnings about the risks which might apply to you.

Once we have received your answers to the below questions, we will send you a statement highlighting the potential risks. If you still wish to proceed, you will need to sign and return the declaration on the statement, to confirm that you've read and understand the risk warnings and wish to proceed.

We will not be able to process your request until we have received this signed declaration. We can accept copies by secure message or by post to the contact details on page 1.

[Please note that this exercise is only intended to highlight potential risks - your answers won't affect your options.](#)

Guaranteed income (not needed for Uncrystallised Funds Pension Lump Sum)

Annuities offer a guaranteed income, but in drawdown there is no guarantee about the amount of income you might be able to take in the future. This is because the available income depends on your fund value, which is affected by many factors, such as investment performance. Are you comfortable with there being no guarantee of future income in drawdown?

Yes

No/unsure

Tax (not required for switches from capped drawdown to flexi-access drawdown)

Aside from your tax-free lump sum entitlement, any money you take from your pension is taxed as income. It is added to any other taxable income you receive during the tax year, and might push you into a higher tax bracket. It is also possible that the tax we deduct from any payments is not the final amount due: you may need to pay additional tax at the end of the year. Are you confident that you fully understand the tax implications of the option you've chosen?

Yes

No/unsure

Investment scams

Some investment scams encourage people to withdraw money from their pensions in order to invest elsewhere. For example, they may offer unusually high rates of return, special offers, or there may be pressure to act quickly. The schemes can appear very genuine, but you risk losing some or all of your money. Are you aware of how to protect yourself from investment scams?

Yes

No/unsure

Health

Annuities provide a guaranteed income for life and although the return may appear low, if your life expectancy is reduced because of poor health you may qualify for enhanced annuities which pay better rates. Are there aspects of your health or lifestyle which could make you consider whether you are potentially eligible for a better value annuity?

Yes

No/unsure

Inflation

When planning your long term income needs you need to take into account of future inflation, which will erode the buying power of your money. For example, if inflation is 2% p.a., £1 today will be worth 82p in 10 years time. If you are planning to take a level of income or a large lump sum from your pension, do you understand that inflation will erode the value of what will be available for you in the future?

Yes

No

Shopping around

There are several ways in which you can access your pension savings. Different products, with different options and charges, are available from various providers. We recommend that you research the options available to you. Are you happy that you've researched your options and have made an informed choice?

Yes

No/unsure

Debt

Are you aware that money taken from your pension could be available to creditors in respect of any unpaid debts you might have?

Yes

No

Benefits

Are you aware that taking money from your pension could affect your entitlement to means-tested benefits?

Yes

No

Ongoing income

Any money taken from your pension now will reduce the amount that may be available to you in the future. Are you expecting this pension to provide you with income for the rest of your life?

Yes/unsure

No

Contributions (not required for capped drawdown)

The annual allowance is the maximum amount you, or anyone on your behalf, can contribute to your pensions each year without incurring a tax charge. It is currently £60,000. If you take income whilst in flexi-access drawdown, your annual allowance for 'money purchase' pensions, such as your SIPP, will be reduced to £10,000. Are you, or anyone on your behalf, likely to contribute more than £10,000 to money purchase pensions in the future?

Yes/unsure

No

Further investment

If you withdraw money from your pension to invest elsewhere, the charges on the new investments may differ from the charges applicable to your pension. The new investments are also likely to be subject to income tax and capital gains tax, whereas investments in your pension are exempt from these charges. If you plan to invest your money elsewhere, do you understand the difference in charges and how this could affect the value?

Yes/not applicable

No/unsure

Inheritance tax

Money taken from your pension becomes part of your estate, which will be assessed for inheritance tax purposes on your death. Money in your pension is held outside your estate and is highly unlikely to be subject to inheritance tax. Have you considered the inheritance tax implications of taking money from your pension?

Yes

No/unsure

Beneficiaries

When you die, the remaining money in your pension can pass to beneficiaries, such as a spouse or other family members. Any money you take from your pension will reduce the amount which may be available to them on your death. Are you relying on this pension to provide for your beneficiaries when you die?

Yes

No/unsure

7 Client's declaration (including adviser charges)

Before signing the declaration, you should carefully read the following for your own benefit and protection:

- This declaration;
- Key Features;
- Schedule of Fees;
- Terms and Conditions;
- Schedule of Allowable Investments.

These documents together form the agreement upon which we intend to rely.

If you do not understand any point then please ask your adviser or us for further information. A copy of the scheme rules is available on request. A copy of this completed Application Form is available on request from Curtis Banks.

Declaration

- I declare that to the best of my knowledge and belief the statements made in all sections of this SSAS Benefit Request Form (whether in my handwriting or not) are correct and complete.
- I understand that you may undertake a search with a reference agency for the purposes of verifying my identity, age, and bank account where applicable. To do so, the reference agency may check the details I supply against any particulars on any database (public or otherwise) to which they have access. A record of the search will be retained as an identity search.
- Curtis Banks takes your privacy very seriously. We use the personal information collected through this form and any other information that you provide to us and personal information we collect from third parties ("your information") for the reasons and purposes as set out in our Privacy Information Notice.
- I understand that Curtis Banks will apply any expression of wishes recorded on my uncrystallised fund, to my crystallised fund.
- I wish the scheme administrator to pay any death benefits from my plan(s) in accordance with my latest completed Expressions of Wishes held by Curtis Banks.
- I understand that if the scheme administrator chooses a beneficiary who has not been named, drawdown income would normally only be available in limited circumstances. Therefore in addition to the beneficiaries already provided, in order to allow the administrator to pay drawdown income to as wide range of beneficiaries as possible and for the purpose of the relevant tax legislation, I nominate any individual who is eligible to receive a lump sum on my death under the rules of the scheme.
- I have been given the opportunity to read and understand the Pension Benefits Fact Sheet, and where the pension is being paid by income drawdown, I have had the opportunity to understand the issues and I accept the risks involved.
- I confirm, where a pension commencement lump sum is payable, that I will not be recycling the lump sum as described below. Lump sum recycling is defined in Schedule 29 of the Finance Act 2004 and basically is where a tax-free lump sum is paid by a registered pension scheme and:
 - as a result of this the amount of the contributions from all sources is more than 30% of the contributions that might have been expected based on previous contributions; and
 - the recycling was pre-planned; and
 - the amount of the total tax-free lump sum paid in the previous 12 months exceeds £7,500; and
 - the cumulative amount of the additional contributions exceeds 30% of the tax-free lump sum payment.
- I acknowledge that the crystallisation date for entering drawdown is the latest of:
 - the date on which you receive my completed SSAS Benefit Request form;
 - the date of receipt of the final transfer in set out in my initial application form from which I wish to take benefits; or
 - the date that I reach the minimum retirement age
- I elect to receive the maximum available tax-free lump sum unless I confirm to you in writing that I want to receive a lower amount.
- I have supplied all the necessary information and documentation requested in section 5 to enable Curtis Banks to determine my remaining Lump Sum Allowance and Lump Sum and Death Benefit Allowance.
- I elect to receive drawdown income as set out in section 5.4.
- I understand that any pension payments will be paid via Curtis Banks' pension payroll and subject to income tax at the appropriate rate.
- I authorise you to deduct any tax charges from my plan on the date that the funds are designated.
- I understand that, for the first drawdown from my scheme, I have a 30 day period in which to cancel the benefits, but otherwise the benefits cannot be reversed once in payment. (Only applicable for flexi-access and UFPLS.)
- I understand that there could be a delay to the payment of pension benefits where section 5.6 has not been fully completed.
- Where applicable, I acknowledge that all flexi-access drawdown designations for each scheme will be held in one arrangement.
- I confirm that my scheme does not contain funds from a disqualifying pension credit. (Only applicable for UFPLS payments.)
- I acknowledge that receiving a UFPLS or income from flexi-access drawdown will trigger the money purchase annual allowance, unless I have already done so.
- I understand that payment of benefits is subject to sufficient liquidity in the fund.
- Where applicable, I acknowledge that all capped drawdown designations for each scheme will be held in one arrangement and one maximum limit is set for this arrangement. If in the future I elect to take further benefits from uncrystallised funds this limit will need to be recalculated.

Declaration

(when choosing full or partial crystallisation in section 5)

7 Client's declaration (including adviser charges) (continued)

Declaration for members taking benefits due to ill health

- I consent to Curtis Banks processing the information provided by me or medical professionals on my behalf in order to conclude this benefit claim.
- I give my consent for Curtis Banks to hold my medical information and, if necessary, to share it with my medical practitioner and other entities within the Curtis Banks Group.
- Please be aware that we may also contact your medical practitioner to request further information, should this be required.
- Serious ill-health lump sums can only be paid from uncrystallised fund and must extinguish all uncrystallised rights under the arrangement.
- I have supplied all the necessary information and documentation requested in *section 5* to enable Curtis Banks to determine my remaining Lump Sum and Death Benefit Allowance.
- I request a serious ill-health payment to be made from the above scheme directly to me.
- I understand that the payment will be sent by BACS or Faster payment, unless I specifically request otherwise.
- Where applicable, I authorise you to deduct any tax charges from my plan on any funds that are paid in excess of my remaining Lump Sum and Death Benefit Allowance.
- I understand that all of the assets that make up the value of my scheme will be sold and paid as cash, unless I have requested an in specie transfer.
- I understand that any disinvestments that Curtis Banks must complete in order to provide sufficient cash to meet my payment will be requested by letter.
- I understand that where Curtis Banks is unable to instruct disinvestments because they do not have authority to do so, I must provide disinvestment instructions directly to my investment manager or fund provider.
- I agree that, should I require assets in my SSAS to be sold at a specific time or for a specific value, I will notify Curtis Banks using this form.
- I understand that the ability to sell some assets, such as those held in fixed term bank accounts, may be limited and as a result the payment may be delayed.
- I understand that selling my holdings prior to the payment being made will incur transaction fees, which will be deducted from the value of my fund.
- I understand that if HMRC regard this serious ill-health payment as being an unauthorised payment, then the liability for any tax or other amounts levied by HMRC will rest with me and not with Curtis Banks.
- I promise to take responsibility for any losses or expense that result from any untrue, misleading or inaccurate information that has been or is given by me or on my behalf, on this form, or in respect of the payment.

IMPORTANT INFORMATION

UNDERSTANDING YOUR RETIREMENT OPTIONS

You have a number of choices at any time from age 55, this is due to increase to 57 in 2028. Not all options may be available from Curtis Banks. The 'Your Pension: your choices' booklet has more details on the options mentioned below. <https://moneyhelper.apsmos.com/ViewProduct.html?sp=Sengyourpensionyourchoices-476>

The options represent the choices available in the market to all customers. Making the right choice for your circumstances is very important. Once you've read the list below, you should take guidance from MoneyHelper or seek financial advice before making your decision. It's important to know that you don't have to stay with Curtis Banks; by shopping around you could get better value for money, a higher income, or greater flexibility than under your current plan.

Options for your pension pot

1. Keep your pension savings where they are

There is no need to access your pension pot until you wish to do so. Your pension pot remains invested, which means the value can go up or down.

You can continue to save into a pension and decide what to do at a time that suits you.

2. Use your pension pot to get a guaranteed income for life

You can normally choose to take up to 25% of your pension pot at retirement as a tax-free lump sum. The rest will be used to buy products that will give you a taxable guaranteed income. This means that you will know how much you will receive and for how long.

If you have a medical condition, are overweight, smoke or have a poor lifestyle, then you could get a higher income. It's important you shop around as providers can use different factors when working out how much they'll pay you. Typical products you could choose are:

a. Lifetime annuity

This provides a guaranteed income for as long as you live. Once you have chosen a lifetime annuity you won't be able to make any changes and will be locked into it. There are many types of lifetime annuity, so make sure you choose the right one for you. For example, you can also choose to provide an income for a dependant or other beneficiary after you die.

b. Fixed term annuity

This provides a guaranteed income for a set period that you choose at outset. A fixed term annuity can be set up to give you a lump sum back at the end of the fixed term, which allows you the flexibility to reconsider your options at that time.

3. Provide a flexible retirement income

This option is known as flexi-access drawdown. You can normally choose to take up to 25% of your pension pot at retirement as a tax-free lump sum. The rest can be used to provide taxable income payments directly from your pension pot. You can vary the amounts you take and when you take them. There are no limits to the income you can take which could increase the rate of income tax you pay when added to your other income. Your pension pot remains invested which means the value can go up or down. You can use the money you have in flexi-access drawdown to buy a guaranteed retirement income product at any time.

An investment-linked annuity is a type of lifetime annuity (see section 2) that will provide you with an income that goes up and down with investment returns. Typically, these guarantee a minimum level of income if investment performance is poor.

Once you take an income payment under flexi-access drawdown, or have an investment-linked annuity, future amounts paid into your pension savings must be limited to £10,000 a year or you will pay a tax charge.

4. Take cash

25% will normally be tax-free. The rest will be taxed and could increase the rate of income tax you pay when added to your other income. Future amounts paid into your pension savings must be limited to £10,000 a year or you will pay a tax charge.

Allowances

Any tax-free lump sums that you withdraw from any registered pension schemes, are subject to two allowances. These are the Lump Sum Allowance and Lump Sum and Death Benefit Allowance, whichever is lower.

The Lump Sum Allowance is the standard amount of tax-free lump sums an individual may receive from all registered pension schemes during their lifetime without a potential tax penalty. The Lump Sum Allowance for the 2025/26 tax year is £268,275. You may have a personal Lump Sum Allowance that is different from the standard Lump Sum Allowance. Tax-free lump sums will also count towards your Lump Sum and Death Benefit Allowance.

The Lump Sum and Death Benefit Allowance is the standard limit of lump sums payable from all of an individual's registered pension schemes, including serious ill health lump sums and lump sum death benefits, without a potential tax penalty. The Lump Sum and Death Benefit Allowance for the 2025/26 tax year is £1,073,100. You may have a personal Lump Sum and Death Benefit Allowance that is different from the standard Lump Sum and Death Benefit Allowance.

Any payments in excess of your Lump Sum Allowance and Lump Sum Death Benefit Allowance, will be taxed at your marginal rate of income tax.

Mix your options

You don't have to use all of your pot at one time. You can choose more than one option and do different things at different times. You should shop around to find the mix of options that suits you, as you don't need to buy all options from one provider.

Your decision about which options to choose is likely to be influenced by many factors, such as how much income or cash you need now and in the future. You should also consider your personal circumstances including people that are financially dependent on you and the impact that your choices may have on taxation and State Benefits.
