Full list of Investment Partners and firms

Please find below a list of investment firms that you can select for Your Future SIPP.

Whilst you can choose any investment firm listed below, we have created a panel of Investment Partners that provide an integrated option by reporting data to us electronically, allowing us to pass on fee savings to you. These electronic data feeds provide automatic, regular updates to our systems, which you can access through our secure portal via our website www.curtisbanks.co.uk.

If Curtis Banks are required to place any transactions directly with an Investment Partner (for example a purchase, sale or switch), we will charge transaction fees as if they were directly held investments. Please see the Your Future SIPP Schedule of Fees for further information on these fees.

In addition to those listed, we would be happy to deal with any investment firm that meets our due diligence requirements. In the instance that an investment firm does not meet our requirements to become an Investment Partner, additional fees will be applicable and you should refer to the Schedule of Fees for your product.

You are responsible for deciding which FCA-regulated investment firm you should use for your investments as Curtis Banks are unable to provide advice. The panel of investment firms is reviewed regularly and if any investment firms fail to meet our ongoing requirements, we will contact you to advise of any changes if your plan is affected.

Please see below a comprehensive list of our Investment Partners.
