Panel of property professionals (for properties registered in Scotland & Northern Ireland) for the Aviva Commercial Property Investment provided by Curtis Banks as part of a Pension Portfolio

Working with many different professionals has taught us the value that experience can add. Every year, our clients ask us to engage many hundreds of different suppliers for their property needs. Working with such an array of suppliers, we see considerable variance in the quality of service, pricing and above all the value that specialist SIPP property experience can add.

We've used that experience to assemble a panel of property professionals who are tried and trusted when it comes to commercial property and pension schemes. You can still use your own choice of professionals, and are not restricted to the panel; however, fixed pricing and service level agreements have been arranged to provide a streamlined and effective service that you can take advantage of. Please note that an additional fee of £258 will be payable if you select a non-panel solicitor.

Where it is confirmed to us that a panel firm is to act, but no specific firm details are provided by you, we will allocate a panel firm to act in the matter. Please be aware that panel firms are separately regulated and operated, and therefore once the firm has accepted our instructions, they are accountable for their work undertaken on the matter.

Commission

Please note that Curtis Banks Group will retain any commission paid by the Curtis Banks panel. Any commissions due are included in the fees detailed within this document.

Panel of Surveyors for commercial property

How your instructions are carried out

If you decide to use the panel, your instruction will be carried out by a firm within The Commercial Property Network.

This is typically based on geography as well as the individual firm's capacity and any known conflicts of interest. The Commercial Property Network firms provide the same services at the same prices and use the same reporting formats specifically designed for SIPP and SSAS purposes.

The Commercial Property Network

www.thecpn.co.uk

The Commercial Property Network is the largest and longest-standing network of independent chartered surveyors across the UK, incorporating 29 member firms and more than 500 staff providing national coverage. All CPN valuers are Registered Valuers under the Royal Institution of Chartered Surveyors (RICS) Registration Scheme.

CPN member firms underpin their valuation service through unrivalled local market knowledge. Best practice, regulatory compliance and overall service delivery is governed by the RICS.

All fees are subject to VAT and will be payable from your SIPP or SSAS.

All services and prices include the panel firm's expenses (i.e. travel and accommodation), except where these are considered to be exceptional. In such an event we will liaise with the panel firm and you to agree any additional costs before proceeding with the activity.

The fee structure for valuation work will apply to properties where there are not more than two leasehold interests. E.g. an office building with three or more occupiers would constitute a building with more than two leasehold interests. For properties with more than two leasehold interests the acting Valuer will have the opportunity to provide a bespoke quote and move away from the fee structure if necessary.

Fees in relation to Landlord and Tenant Work (rent reviews and lease renewals) are quoted on the basis of a single Lease Event. Multiple Lease Events instructed at the same time will incur additional fees to be agreed.

The panel firms provide full professional indemnity (PII) cover, the cost of which is included in the prices quoted. For properties where the value is considered to be exceptional (in excess of £2m), an additional fee may apply. In such an event we will liaise with the panel firm and you to agree the costs before proceeding with the activity.

SIPP and SSAS property fees for services including rent reviews and lease renewals will continue to apply and can be found within your products Schedule of Fees.

If an instruction is cancelled after the panel firm has inspected a property, an abortive fee equating to 75% of the confirmed fee shall apply.

Panel Commercial Lending Broker

Commercial Sense

Following major changes in the UK financial markets, which have resulted in making access to finance more complex and difficult to source, Commercial Sense has developed a specialism in obtaining SIPP & SSAS lending for our clients.

David Whitehead leads our SIPP & SSAS lending activities. He has over 30 years' experience with Barclays, the last 10 of which saw him as Head of Pensions, leading the team that looked after that Bank's pension lending book.

Commercial Sense has built strong relationships with a panel of lenders who provide SIPP & SSAS finance, and regular interaction with our key contacts ensures we not only understand their lending appetite but can get swift indicative responses to ensure we do not waste clients' time. We are also working with other lenders to expand our panel, thereby ensuring clients get the best possible deals whether it be property acquisitions, raising liquidity or even property development/refurbishment.

At our core we believe in building strong, enduring client relationships, therefore:

- we are hands on and project manage deals through to conclusion.
- our fees, which are entirely transparent and agreed at the outset of a relationship, are success based and therefore only payable once we have successfully obtained a formal offer of finance that meets the client's needs, i.e. we do not charge for our time.
- where we do receive an introductory fee from a lender, this is rebated against the client fee, i.e. we do not get paid twice.

In effect, we are a one stop shop for pension finance, with access to a wide range of lenders, ensuring the client gets the best deal rather than just accepting what is on offer from their normal provider, if indeed they have one.
